

Fire Rated Wood Moulding

February 8, 2017

Masonite Architectural Wood Doors is pleased to announce enhancements to the Fire Rated Wood Moulding offering. 45 and 60 minute fire rated doors can now be provided with lites up to 1296 in². 90 minute fire rated doors continue to be available with lites up to 100 in². Listed and Labeled 1/4" wired glass (up to 100 in²) or Listed and Labeled 3/16" ceramic glass may be used with the Fire Rated Wood Moulding. To order the wood wrapped composite moulding use order code "MF3" in column 11 of the Graham Wood Door order form for "Moulding".

Product was successfully tested per WDMA TM-7 to the Extra Heavy Duty requirements of WDMA I.S. 1A.
